3 The proposal of the Alur Munsiff is to abolish the levy of octroi on four articles viz Cocoanuts, dry cocoanuts, Jaggery & Butter. It is reported that the result of the M's proposal to do so has been given effect to from 1/7/36

4 The proposal is based on the assumption that the income from the above items is small & that its levy operates as a hardship. That besides, the abolition improves the trade in the weekly market. The right of collection of shandy fees is said to have been sold for Rs 3176/- during the current year.

5 In this connection it may be stated that the Alur Munsiff is levying octroi on 9 articles out of which they have abolished the levy on 4 articles from which the income is 28% only. It will be seen from the statement of income (Appx D) that

The Revised as the budget Estimates for 1936-37 discloses that there is a closing balance of Rs 491/- as against the prescribed minimum balance of Rs 1976 Flag C

The Municipality has an ambitious scheme of public improvements - (vide Flag E) which seem to require heavy outlay

A study of the Budget of this Municipality shows that the items of taxation are very few while the expenditure is varied & the income is one of the sources from which the Municipality is deriving substantial income and it is not a direct form of taxation whatever or however less the realization from the levy of duty on the aforesaid articles may be - and it is hard to conceive that the fall in realization is due to the levy of octroi in the absence of the Municipality - it is in need of money for its improvement The fact is that it is easier to abolish the tax than to reimpose it & when trade depression is over, the Municipality will be in a position to recover the fall in octroi revenue -

& under section 62 (a) of the Municipalities Regn 1933, the Municipality may abolish any tax or fee according to rules prescribed in this behalf subject to the control of Govt & the provisions of sections 71 & 72 under sec 72, Govt may whenever it appears to them that the regular income of the Municipality

SIR

With reference to your letter No L 2094/M 1 60-33-130, dated 21-9-34, returning with observations, the records relating to the proposal of the Alur Minor Municipal Council, to abolish the levy of Octroi on certain items, I have the honour to state as follows -

2 As instructed in your letter, the President was asked to place the subject before the Municipal Council for their reconsideration Accordingly, he placed it before the council and they reiterated their original resolution at their meeting, held on 25-4-35

3 The President having resubmitted the records for orders, he was asked to publish the proposal, invite objections and place the subject again, before the Municipal Council and resubmit the records with their resolution

The President after observing the above procedure resubmitted the records with a copy of the resolution of the Council passed at their meeting, held on 31-10-35, to the effect that no objection had been received against the proposal and that the same might be sanctioned The records were again returned with the observation that the income from market fees during 35-36 might be watched and the records resubmitted during the current year, if the council still persisted in their view

5 The President discontinued the levy of Octroi on cocoanuts, dry coconuts, Jaggery and butter, with effect from 1-7-36, and again placed the question before the Municipal Council They

1347

31/8/36

They resolved at their meeting, held on 10-7-36, that the levy of Octroi on the articles mentioned above, be abolished as the income therefrom is small and as it operates as a hardship on the public and that the action of the President in having discontinued the levy with effect from 1-7-36, be ratified

6 The President has resubmitted the records, stating that the abolition of the levy of Octroi on these articles improves the trade in the weekly market, that the right to collect fees in the market has been sold for P 3176/- during the current year and that the loss of - income would be made up by market fees and the assessed taxes to be - revised The Sub Division Officer, Saklespur, through whom the records passed, has agreed with the President

7 I may state, in this connection, that the Minor Municipal Councils may, under section 64 of the Minor Municipalities Regulation, abolish taxes subject to the conditions specified therein, and also after observing the formalities prescribed in Rules 2, 3 and 4 of the New Taxation Rules, issued with Government Notification No L 6125/M L 160-34-4, dated 12-2-36, This Council have, after observing the formalities, finally decided upon the abolition of the levy of octroi on the articles named above The average annual octroi income of the Municipality is Rs 2246/- and the average annual income from the levy of octroi on - these articles is P 582/-, which works out to 25% of the total average annual octroi income

8 I have submitted this report for the kind information of Government, as the proposal had been turned down by them in their letter, dated 21st September 1934, referred to above
